

## SPRINGTIME CALL FOR ARTICLES

Dear AREF members,

Can you not feel that the wind is lighter, that the sun is warmer and that the snow is (slowly) melting? There is no doubt, spring is just around the corner!

And for many of us, the return of the warm weather brings the feeling of increased energy. If you would like to share that renewed energy with your retired colleagues, we invite your participation in preparing the next issue of your paper, which will be available in June.

As for the preceding issues, each author of the published texts will receive \$50, except for the directors and committee members.

You may write on any topic you are interested in and thus share your passions... or your sources of anger. Preference will be given to topical issues and to authors who have never been published in the AREF-Info, but not exclusively.

We look forward to receiving your texts (**300 to 1,500 words, in Word format**). Please send them by email at [c.chamberland@yahoo.ca](mailto:c.chamberland@yahoo.ca) **no later than May 15**. Please also **join a picture of yourself in jpg format**, if that is fine with you.

***Reminder:*** *The AREF-Info is sent electronically. If you would prefer to receive a paper copy by mail, please contact the secretariat (if you have not already) at [secretariat@aref-neq.ca](mailto:secretariat@aref-neq.ca)*

***Reminder 2:*** *If you would like to donate the amount of \$50, please mention the charity cause or organization you would like to support and we will forward the donation.*

***Reminder 3:*** *We would be happy to see you at our AGM on May 15, at the Best Western in Drummondville. Please note that proceedings will be in French, however questions will be received in English. You will receive a notice of meeting shortly or you can visit our website for more details: [aref-neq.ca](http://aref-neq.ca)*

Wishing you a lovely spring,  
we are always pleased to read and to publish you.  
Thank you!

**Claude Chamberland**
