

SPRING INVITATION

Greetings to you, English speaking members of AREF.

Last fall, we invited you to add your contribution to our semestrial paper (Aref-Info) by sending us a text of your own, on whichever topic or issue you are interested in, as we are confident that this should also be of interest for your colleagues.

The criteria for these contributions are still the same: no more than two pages in usual word processing (around 1500 words); the selected texts will see their author receive 50\$ as an acknowledgement for his or her collaboration. If you wish to donate the 50\$ to any charity organization you patronize, just tell us so, and we will take care of it. We would also appreciate if you could join a photo of you in .jpg, so that we can use it as an illustration to the text when published.

Of course, the members of AREF committees or directors of the association are not allowed to receive the 50\$ symbolic fee when contributing to the paper.

Reminders:

1) Send you text to Claude Chamberland, *by May 10*, at:
c.chamberland@yahoo.ca

2) If you wish to receive your Aref-Info by mail rather than by email, please contact the secretariat: secretariat@reaf-neq.ca or 1-888-513-2494.

3) We look forward to seeing you at our annual general meeting on May 16 in Drummondville. Please visit our web site for further details and also to access the preceding issues of Aref-Info:

www.aref-neq.ca

Wishing you a sunny springtime and a warm summer, and looking forward to reading and publishing you!

Claude Chamberland
