POSTPONEMENT OF THE 2021 ANNUAL GENERAL MEETING

Dear AREF members,

Given the current health situation and the challenges associated with videoconferencing, the members of AREF's board have decided to postpone to next fall the 2021 AGM which would have normally been held in May. The ongoing vaccination in Quebec allows us to believe that we will then be able to hold a safe physical meeting, as we have always done, until 2020.

You will receive a notice of meeting, either by email or by regular mail, not less than 30 days prior to the time when the AGM is to be held, as our regulations require. The notice will include the time and place for the holding of the meeting, the meeting agenda and how to pre-register.

In the meantime, enjoy the spring and let's hope for better days!

Claude Chamberland
President of AREF
