**COALITION POUR LA DIGNITÉ DES AÎNÉS\***  
**SUPPORT THE 38 SOLUTIONS PROPOSED BY THE COALITION**

***\*Please note that the Coalition works in French only.***

As we have already told you a few times in the AREF-Info, the AREF is a member of the Alliance des Associations de Retraités (AAR), and therefore is also affiliated with the Coalition pour la dignité des aînés (CDA). The Coalition includes most of the major seniors' associations in Quebec.

The Coalition has drawn up a list of 38 recommendations aimed at improving the living conditions of seniors, in terms of housing, home care, end-of-life care, taxation and citizen participation. These recommendations were made public on March 22.

We invite you to visit the [Coalition's website](#) to learn about the 38 proposed solutions, and especially **to sign the petition** in support of these solutions. Do not hesitate to share the information around you, as well as to invite other people to sign the petition.

The Coalition is considering holding an Estates General on the issue for the fall of 2022. We will have further opportunities to talk about this.

Thank you.

**Claude Chamberland**  
Chairman of AREF
