**AREF PROJECT COMMITTEE
CALL FOR PROJECTS: INCREASED BUDGET**

Dear AREF members,

Good news: in October, AREF's Annual General Assembly decided to increase the amount allocated for projects from \$20,000 to \$30,000 for the upcoming year.

We remind you that the deadline for submitting a project remains **December 31, 2021**. (Please read our [Newsletter from September 7, 2021](#).)

Projects to be funded will be selected by January 15, 2022, and they must be completed between January and December 2022. Project proposers will also have to submit a status report before AREF's next AGM, which is normally held in May.

For further details, please visit the page [Grant Policy](#) on AREF's website. You will find the submission form as well as the conditions for funding. Please feel free to include additional sheets if the form is insufficient to provide the relevant information.

We look forward to your project submissions.
Thank you.
